

February 2022

Kansas Association of Teachers of Mathematics

Bulletin

Our conference is returning!

Our Kansas Association of Teachers of Mathematics state conference will be held at Emporia State University on March 25.

The KTOY team will be presenting on STEM and Culturally and Linguistically diverse populations. Presentations will center around Math and SEL/Trauma Informed Practices, Math connections in STEM, High Quality Math Tasks, Addressing needs of students with dyslexia or dyscalculia in the math classroom.

Registration is \$75 for the day. Breakfast will be provided with lunch on your own.

of Mathematics

Would you like to serve on the KATM board?

These offices will be up for election in 2022: VP Elementary, VP High School, the new VP Early Childhood, Secretary, and President Elect. If you are interested in serving on KATM and helping us accomplish our goals, [click here to submit a nomination.](#)

Apply for the Capitol Federal Scholarship!

Here is the place to get information about applying for the Capitol Federal scholarship. It is awarded to a KATM member each year and it is so easy to apply!

Kansas Association of Teachers of Mathematics

Margie Hill New Teacher Scholarship

After a well-spent lifetime growing her family, serving her community, and adding to the profession of mathematics education, Margie Hill passed away on September 21, 2021. Margie was a teacher first, investing time and skill in her students. She next invested in other teachers, serving as District Coordinating Teacher of Mathematics. Later investments of her energy and knowledge were made directly into future teachers as a Master Teacher in the UKanTeach Program at The University of Kansas. No matter her role or capacity, Margie was a model of what it meant to know one's values and, with focus and ferocity, let them guide one's actions. Because of Margie's dedication to preservice and new teachers KATM presents this scholarship opportunity.

Who: New teachers, first through third year, who are members of KATM and teach in Kansas.

What: \$250 funding.

For What: Funding may be used for tools, manipulatives, resources, professional learning or other means of supporting mathematics.

How: Submit a proposal outlining specifically how the funds would be used to support mathematics. Attach two letters of support, one from an administrator and the other from a colleague.

Submit proposals to Betsy Wiens, 2201 SE 53rd, Topeka, Kansas, 66609, or betsy.wiens@gmail.com by June 1.
